I certify this report is an accurate record of the above examination(s) conducted by me as an employee of, and in a laboratory operated by, the Anne Arundel County Police Department, and accredited by the ANSI National Accreditation Board (ANAB).

Conclusions are based on the Analysis of any level 1, 2, and 3 detail present in the latent and known impressions; my comparison of the level 1, 2, and 3 detail (to the extent present) in the latent to the known impression(s); Evaluation of all information from the Analysis and Comparison; and Verification, if completed, by another qualified latent examiner.

Latent impression(s) determined to be suitable for entry have been encoded into the Maryland Automated Fingerprint Identification System (MAFIS). Latent print(s) that are not identified are entered into the Unsolved Latent File and remain to be continually searched at the state level. Any identification(s) resulting from a later search will be the subject of a separate report.

The evidence is being retained in the Latent Print Unit pending transfer to Property Management.
